Opening Session

Fugier Lecture Hall

9:45 AM - 10:45 AM

Plenary Session

Fugier Lecture Hall

Roland Benabou (Princeton University and
Toulouse School of Economics)

Revisiting Incentives: Theory and Experiments

10:45 AM - 12:45 PM

Neuroeconomics 1 (CORTEX session)

Room AR46

Chair: Mateus Joffily

- From perceptual to value-based decision making: insights from model-based fMRI
*Jean-Claude Dreher** (Cognitive Neuroscience Center, Lyon)

- Dissociating neural systems for inequity aversion in group versus individual decision making

*Romuald Girard** (Cognitive Neuroscience Center, Lyon)

Jean-Claude Dreher (Cognitive Neuroscience Center, Lyon)

Romain Ligneul (Cognitive Neuroscience Center, Lyon)

Pierre Wydoodt (Cognitive Neuroscience Center, Lyon)

- Emotional valence and the free-energy principle

*Mateus Joffily** (GATE Lyon St-Etienne)

Confidence and performance

Room AR47

Chair: Christina Rott

- Optimal Group Decision: A Matter of Confidence Calibration
*Sébastien Massoni** (CES - University of Paris 1, Paris School of Economics)

- Inequality and Relative Ability Beliefs
*Jeffrey Butler** (EIEF)

- The impact of advice on women's and men's selection into competition
*Christina Rott** (Universitat Autònoma de Barcelona)

Jordi Brandts (Universitat Autònoma de Barcelona)

Valeska Groenert (Universitat Autònoma de Barcelona)

Environment 1

Room AR48

Chair: Marc Willinger

- Two! For better or for worse? Individual's contributions to "unpacked" public bads
*Jocelyn Groff** (ENGEEs, Irstea GESTE)
Anne Rozan (ENGEEs, Irstea GESTE)

- How to avoid a catastrophe: An experiment on collective action to avoid large losses
*Glenn Dutcher** (University of Innsbruck)
Esther Blanco (University of Innsbruck)
Tobias Haller (University of Innsbruck)

THURSDAY JUNE 20

- Experienced natural hazards increases trust but not reciprocity
Mohamed Ali Bchir (GESTE, University of Strasbourg)*
Marc Willinger (LAMETA, University of Montpellier)
- Evolution of risk and time preferences under the threat of background risk
Marc Willinger (LAMETA, University of Montpellier)*

Learning and preferences Room AR49

Chair: Laetitia Placido

- Do We Learn From Mistakes of Others? A Test of Observational Learning in the Bandit Problem
Igor Asanov (University of Jena, Max Planck Institute)*
- Ambiguity attitudes in sampled risk
Emmanuel Kemel (University of Paris 1)*
Mohammed Abdellaoui (GREGHEC)
Brian Hill (GREGHEC)
Héla Maafi (GREGHEC)
- Choosing choice sets: Experimental tests
Benoit Tarrow (CREM, University of Rennes)*
Fabrice Le Lec (Université Catholique of Lille)
- Learning to like
Laetitia Placido (Paris School of Economics)*

Commitment and feedback

Room AR51

Chair: Pierre Garrouste

- The Pen or the Sword? Verbal Feedback in a Public Good Experiment
Benjamin Pelloux (GATE Lyon St-Etienne)*
Jean-Louis Rullière (GATE Lyon St-Etienne)
Frans van Winden (CRED U. of Amsterdam)

- Spokesman "To be or not to be"?
Orsola Garofalo (Universitat Autònoma de Barcelona)*
- Oaths and Code of Conducts:
An experimental investigation of institutionalized promises
Ann-Kathrin Koessler (Queensland University of Technology)*
Uwe Dulleck (Queensland University of Technology)
Lionel Page (Queensland University of Technology)
- Do people live up to their commitments?
Evidence from classroom experiments
Pierre Garrouste (GREDEG, UNS)*

12:45 PM - 2:00 PM

Lunch

Reception room

2:00 PM - 3:30 PM

Inequality

Room AR46

Chair: François Cochard

- Unstructured Bargaining over an Endogenously Produced Surplus and Fairness Ideals: An Experiment
Odile Poulsen (University of East Anglia)*
Wolfgang Luhan (Ruhr University, Bochum)
Michael Roos (Ruhr University, Bochum)
- Why is central Paris rich and downtown Detroit poor: A laboratory experiment
Henri Busson (CREM, University of Rennes)*
Laurent Denant-Boemont (CREM, University of Rennes)

THURSDAY JUNE 20

- What if women earned more than their spouse? An experimental investigation of work division in couples
*François Cochard** (CRESE, University of Franche-Comté)
Hélène Couprie (THEMA, University of Cergy-Pontoise)
Astrid Hopfensitz (Toulouse School of Economics)

Value Elicitation 1

Room AR47

Chair: *Maurice Doyon*

- Willingness to pay for fruits with defects: an experimental analysis
*Sandrine Costa** (MOISA)
- Determinants of CSA Membership: The Role of Risk and Fairness Preferences
*Aurélié Bonein** (CREM, University of Rennes)
Kévin Bernard (INRA-SMART, University of Rennes)
Douadia Bougherara (LAMETA, University of Montpellier)
- Perceived consequences impact on willingness-to-pay for cage free eggs: an experiment
*Maurice Doyon** (Laval University)
Stephane Bergeron (Laval University)
William Allender (McMaster University)
Timothy Richards (Arizona State University)
Lota Tamini (Laval University)

Time preferences

Room AR49

Chair: *Marie Claire Villeval*

- Factors affecting soldiers' time preference
*Eyal Lahav** (The Open University of Israel)
Uri Ben Zion (The Western Galilee College)
Tal Shavit (School of Business Administration)

- Time Preferences in Collective Decision Making

*Olivier l'Haridon** (CREM, University of Rennes)

- Enhancing the Long-run Sustainability of Microinsurance Programs: Lessons from Randomized Experiments in China
*Elisabeth Sadoulet** (UC Berkeley)
Jing Cai (University of Michigan)
Alain de Janvry (UC Berkeley)

3:30 PM - 4:00 PM

Break

Reception room

THURSDAY JUNE 20

4:00 PM - 6:00 PM

Environment 2

Room AR46

Chair: Laurent Denant-Boemont

- Is a "capped" ambient tax able to regulate nonpoint source pollution?

Anne Rozan (GESTE ENGEES)*

Mohamed Ali Bchir (GESTE ENGEES)

Kene Boun My (BETA, University of Strasbourg)

Francois Cochard (CRESE, University of Franche Comté)

Hamet Sarr (GESTE ENGEES)

- Impact of costly communication on the efficiency of the average pigouvian tax: an experimental study

Hamet Sarr (GESTE ENGEES)*

Mohamed Ali Bchir (GESTE ENGEES)

Francois Cochard (CRESE, University of Franche Comté)

Anne Rozan (GESTE ENGEES)

- Institutions and resource windfalls: an experimental contest game

Klarizze Puzon (LAMETA, University of Montpellier)*

Marc Willinger (LAMETA, University of Montpellier)

- Urban Costs and the Spatial Structure of Cities: A Laboratory Experiment

Laurent Denant-Boemont (CREM, University of Rennes)*

Fraud and sanctions

Room AR47

Chair: Lata Gangadharan

- Tax evasion decision when tax agencies use whistle blowing

Cécile Bazart (LAMETA, University of Montpellier)*

Room AR51

Chair: Jean-Claude Dreher

- Neural dynamics of social tie formation in economic decision-making

Nadège Bault (GATE Lyon St-Etienne)*

- On the Robustness of Emotions and Behavior in a Power-to-Take Game Experiment

Fabio Galeotti (University of East Anglia)*

- Defeats drive the emergence of social hierarchy representations

Romain Ligneul (Cognitive Neuroscience Center, Lyon)*

Jean-Claude Dreher (Cognitive Neuroscience Center, Lyon)

Romuald Girard (Cognitive Neuroscience Center, Lyon)

7:30 PM

Gala Dinner

City Hall of Lyon

FRIDAY JUNE 21

9:00 AM - 10:30 AM

Trust and reciprocity 1

Room AR46

Chair: David Masclet

- Trust is giving and not risking: Experimental evidence from the investment game
Laurent Muller (GAEL, University of Grenoble)*
Stefan Ambec (Toulouse School of Economics)
Alexis Garapin (GAEL, University of Grenoble)
- Selectivity and opportunism: two dimensions of gender differences in trust games and network formation
Marie Lalanne (Toulouse School of Economics)*
Guido Friebe (Goethe University)
Bernard Richter (Goethe University)
Peter Schwardmann (Toulouse School of Economics)
Paul Seabright (Toulouse School of Economics)
- Competition vs. Communication: An Experimental Study on Restoring Trust
David Masclet (CREM, University of Rennes)*

Decisions under risk

Room AR47

Chair: Nathalie Etchart-Vincent

- Risk lovers may also love insurance
François Pannequin (Ecole Normale Supérieure de Cachan)*
Anne Corcos Curapp (University of Picardie)
Claude Montmarquette (CIRANO)

- Purchase Decisions with Non-linear Pricing Options under Risk

Frank P. Maier-Rigaud (IESEG School of Management)*

Martin Beckenkamp (Max Planck Institute)

- Attitude toward Risk and Cooperation in a Game of Chicken: Some Experimental Insights

Nathalie Etchart-Vincent (Centre d'Economie de la Sorbonne)*

Marie-Laure Cabon-Dhersin (CREAM)

Beliefs and learning

Room AR49

Chair: David Gill

- Beliefs and (In)stability in Normal-Form Games
Jonathan Vaksman (GAINS-TEPP, University of Maine)*
- Feedback and Learning
Fernando Rodrigo Quevedo Callejas (University of Vienna)*
- Cognitive ability and learning to play equilibrium: A level-k analysis
David Gill (University of Oxford)*

Information and finance

Room AR51

Chair: Andrea Morone

- Central bank Transparency and Information Dissemination: An experimental Approach
Emna Trabelsi (Institut Supérieur de Gestion de Tunis)*
Walid Hichri (GATE Lyon St-Etienne)

FRIDAY JUNE 21

- Can rumors and other uninformative messages cause illiquidity? Theory and experimental evidence
*Radu Vranceanu** (ESSEC Business School and THEMA)

Damien Besancenot (CEPN, University of Paris 13)

Break

Reception room

3:30 PM - 5:30 PM

Coordination

Room AR46

Chair: Anders Poulsen

- Coordination with Communication under Oath
*Nicolas Jacquemet** (BETA, University of Lorraine)
Stéphane Luchini (GREQAM, University of Aix-Marseille)
Jason F. Shogren (University of Wyoming)
Adam Zylbersztein (Paris School of Economics)
- The effect of group size and cheap talk in the multi-player stag hunt: experimental evidence
*Philip Grossman** (Monash University)
- Stake Size and the Power of Focal Points in Coordination Games
*Melanie Parravano Baro** (University of East Anglia)
Odile Poulsen (University of East Anglia)
- Pre-Play Communication and the Efficiency-Equality Trade-Off in Coordination Situations: An Experiment
*Anders Poulsen** (University of East Anglia)
Zoe Bett (University of East Anglia)

FRIDAY JUNE 21

Altruism and donations

Room AR47

Chair: Olivier Armantier

- Altruistic behaviour depends on what we think others expect
Sylvain Max (LESSAC)*
Jérémy Celse (LESSAC)
Francesca Giardini (LABSS)

- Does implementing an hypothetical intention increase giving?
Guillermo Mateu (LESSAC)*
Gilles Grolleau (Supagro – LAMETA)
Angela Sutan (LESSAC)

- Tax Evasion and Charitable Giving
Christopher Nell (University of Vienna)*

- Rob Peter to Pay Paul. Are Charitable Contributions Substitutes?
Olivier Armantier (NY Fed)*

Competition

Room AR49

Chair: Glenn Dutcher

- Rank Order Tournaments with Relative Prizes: Theory and Experiment
Jean-Louis Rullière (GATE Lyon St-Etienne)*
Lata Gangadharan (Monash University)
Giancarlo Musto (GATE Lyon St-Etienne)

- Do contests bring out the worst in us or the worst among us?

Glenn Dutcher (University of Innsbruck)*

Dmitry Ryvkin (Florida State University)

Daniela Glätzle-Rützler (University of Innsbruck)

Auctions and Finance

Room AR51

Chair: Krista Jabs Saral

- Strategic uncertainty and individual bounded rationality in experimental asset markets

Nobuyuki Hanaki (GREQAM, University of Aix-Marseille)*

- An Experimental Investigation of Inflation Targeting Strategies

Cheick Kader M'Baye (GATE Lyon St-Etienne)*

Camille Cornand (GATE Lyon St-Etienne)

- Risk Aversion, Probability of Winning, and Overbidding in First Price Auctions

Paolo Crosetto (Max Planck Institute)*

Antonio Filippin (University of Milan)

Peter Katuščák (Cerge-ei, Prague)

- Procurement Auctions with Renegotiation and Wealth Constraints

Krista Jabs Saral (Webster University Geneva)*
